PROFESSIONAL EXPERIENCE

Voluntary Administration/Liquidation of 42 companies in the Hospitality Industry - The Group operated 19 bars and restaurants throughout Australia and employed over 800 staff. Nick liaised with creditors and assisted employees with outstanding entitlements. He prepared reports to creditors and was responsible for completing investigations into unfair preference claims.

Liquidation of the Australian company as part of an International Female Fashion Retailer - The company operated in Australia and in France and employed 35 employees. The assignment involved attending the operating premises with the liquidator, employees, ceasing operations and reviewing assets available for realisation. Nick was responsible for the sale of inventory, plant & equipment and the collection of debtors in Australia and overseas.

Voluntary Administration/Liquidation of ASX Listed Company - The company was the holding company of subsidiaries that operated mining and exploration operations in Australia and internationally. Nick assisted in the sale process and complicated realisation of a mining tenement in Europe and an interest in a joint venture in Africa through the Company's subsidiaries.

Solvency Expert Report on Grain Trading Company in Liquidation - Engaged by the Liquidators of the company to analyse the financial statements and records to write a report as to whether the directors had breached their duties by trading the company whilst insolvent. This assignment involved conducting detailed analysis of the financial records of the company in order to produce reliable financial statements and reviews of the financial facilities to determine breaches of financial covenants.

Financial Assessments on behalf of various NSW Government Departments - Nick works closely with procurement officers of multiple NSW government departments in completing financial assessments on companies tendering for government projects. The assessments focus on minimising financial risk to government by analysing financial statements and other records to determine whether the company is viable to complete the project. Nick analysed and evaluated a range of small to national sized companies with an annual turnover from \$1m to \$1b.
